TRAINING OR RESEARCH ACTIVITY

<p>My background is a combination of various interdisciplinary research areas; from political philosophy to the “sociology of the Internet”, from media studies to the ethics of algorithms, from privacy protection to social media regulation.</p> <p>Currently, I am a research fellow at the IUC in which I recently helped to design, coordinate and teach a new course titled “<i>Critical Theories of Technology</i>” (3ECTS).</p> <p>I am part of few associations with which I collaborate such as the <i>Serendipity Society</i>, the <i>Tracking.Exposed community</i>, the <i>AI Policy Exchange Network</i> and soon with the new <i>Italian Society for the Ethics of AI (SlpEIA)</i>.</p> <p>I also began to contribute as a peer-reviewer in international academic journals such as <i>Information & Management</i> (Elsevier), <i>Journal of Humanities and Applied Social Sciences</i> (Emerald) and <i>Junctions: Graduate Journal of the Humanities</i>.</p> <p>Other completed courses relevant to this position are the following: <i>Online School for Media Practitioners</i> (European University Institute), <i>Philosophy of Technology and Design</i> (University of Twente), <i>Elements of AI</i> (University of Helsinki), <i>Design Thinking: The Beginner’s Guide & Human-Computer Interaction</i> (Interactive Design Foundation).</p>
