

TO MAGNIFICO RETTORE OF UNIVERSITA' DEGLI STUDI DI MILANO

ID CODE 5873

I the undersigned asks to participate in the public selection, for qualifications and examinations, for the awarding of a type B fellowship at Dipartimento di FISIOPATOLOGIA MEDICO-CHIRURGICA E DEI TRAPIANTI
Scientist- in - charge: PROF.SSA PAYVANDI

Addolorata Truma

CURRICULUM VITAE

PERSONAL INFORMATION

Surname	TRUMA
Name	ADDOLORATA

PRESENT OCCUPATION

Appointment	Structure
Resident doctor in internal medicine	Università degli Studi di Milano, Via Festa del Perdono 7, 20122 Milano

EDUCATION AND TRAINING

Degree	Course of studies	University	year of achievement of the degree
Degree	Medicine and Surgery	Università Cattolica del Sacro Cuore, Largo Francesco Vito 1, 00168 Roma	2017
Specialization			
PhD			
Master			
Degree of medical specialization			
Degree of European specialization			
Other			

REGISTRATION IN PROFESSIONAL ASSOCIATIONS

Date registration	of Association	City
05/03/2018	ORDINE dei MEDICI CHIRURGHI e degli ODONTOIATRI	LECCE

FOREIGN LANGUAGES

Languages	level of knowledge
English	B2 IELTS August 2022
Albanian	Mother tongue

AWARDS, ACKNOWLEDGEMENTS, SCHOLARSHIPS

Year	Description of award
2023	Early Career Award ISTH 2023

TRAINING OR RESEARCH ACTIVITY

Master's degree in Medicine and Surgery (110/110 cum laude), with a thesis entitled "The role of Sonic Hedgehog in cerebral arteriovenous malformation: new pathogenic mechanism and therapeutic implication" involving the use of mouse animal models. After completing my university studies, I pursued a research fellowship at the A. Gemelli University Hospital, actively engaging in both clinical and laboratory research. During this time, I acquired proficiency in utilizing flow cytometry to quantify microvesicles in cancer patients, aiming to identify those involved in thrombotic risk in these setting. During the initial years of my residency at the University of Padua, I have been involved into several studies in this field. In november 2021, during the fourth year of residency, I moved to the University of Milan, where I had the opportunity to explore various aspects of hemostasis beyond thrombosis. In particular, I have learned to manage patients affected by haemophilia, rare bleeding disorders (RBDs), thrombosis, thrombotic thrombocytopenic purpura and immune thrombocytopenia at Angelo Bianchi Bonomi Hemophilia and Thrombosis Center, Fondazione IRCCS Ca Granda Ospedale Maggiore Policlinico. In the meantime I performed clinical and epidemiological researches in non-tumoral haematology with particular interest in various aspects related to hemophilia, inherited bleeding disorders, and thrombotic thrombocytopenic purpura. I collaborate with researchers, clinicians, and ultrasound specialists to standardized the use of HEAD-US (Hemophilia Early Arthropathy Detection with Ultrasound) for patients with hemophilia. Our shared goal is to enhance hemophilia care by integrating HEAD-US as a clinical tool, to improve patient outcomes and alleviating the burden of hemophilic arthropathy. My work contributes to a better understanding of thrombotic thrombocytopenic purpura, paving the way for potential breakthroughs in more effective treatment options and enhanced clinical management. In particular, my scientific research is aimed at further understanding acute and chronic neurological involvement with the goal of optimizing patient management and mitigating long-term complications.

I am also actively involved in various clinical studies as a co-investigator.

During all my residency in internal medicine I have done in-ward activity in different type of internal medicine departments.

I will become a specialist in internal medicine in November 2023.

PROJECT ACTIVITY

Year	Project
------	---------

2023	Cerebral small vessel disease in patients with acquired immune-mediated thrombotic thrombocytopenic purpura during clinical remission: a prospective cohort study (CAST)
2023	Modulation of bleeding phenotype in patients with severe Hemophilia A by Inherited Thrombophilia (HABIT)
2023	Global coagulation assessment for the risk of Heavy Menstrual Bleeding in women on oral anticoagulant therapy (COHMBO)

CONGRESSES AND SEMINARS

Date	Title	Place
2020	V Convegno di Ematologia non maligna	Firenze, Italia
2022	VI Convegno di Ematologia non maligna	Roma, Italia
2021	Accademia Siset corso di malattie emorragiche	Firenze, Italia
2019	Corso Nazionale Siset	Udine, Italia
2021	Corso Nazionale Siset	Baveno, Italia
2019	3RD INTERNATIONAL PADUA MEETING ON SEVERE BLEEDING MANAGEMENT - 1ST MULTIDISCIPLINARY PATIENT BLOOD MANAGEMENT SYMPOSIUM IN ITALY	Padova, Italia
2019	XLI CONGRESSO NAZIONALE SIAPAV	Padova, Italia
2020	NON LA SOLITA TROMBOSI...NON LE SOLITE TERAPIA ANTICOAGULANTI	Padova, Italia
2022	Congresso Nazionale Siset	Perugia, Italia
2023	ISTH Congress	Montreal, Canda

PUBLICATIONS

Articles in reviews
Antithrombotic therapy and intracranial bleeding in subjects with sporadic brain arteriovenous malformations: preliminary results from a retrospective study. Journal: Internal and Emergency Medicine Volume 13, Issue 8 (pages 1227 - 1232) published 01/12/2018 - Authors: Sturiale CL, Pignotti F, Giordano M, Porfidia A., Albanese A., Giarretta I., Puca A., Gaetani E., D'Arrigo S., Truma A., Olivi A., Pola R.
Microparticles carrying sonic hedgehog are increased in humans with peripheral artery disease Journal: International Journal of Molecular Sciences Volume 19, Issue 12 (pages 3954) published 09/12/2018 - Autori: I. Giarretta, I. Gatto, M. Marcantoni, G. Lupi, D. Tonello, E. Gaetani, D. Pitocco, R. Iezzi, A. Truma, A. Porfidia, A. Visona, P. Tondi, R. Pola
Antithrombotic therapy and intracranial bleeding in subjects with sporadic brain arteriovenous malformations: preliminary results from a retrospective study Journal: Digestive and Liver Disease Volume 53, Issue 7 (pages 879-888) published 08/01/2021 - Authors: Campello, Elena; Zanetto, Alberto; Radu, Claudia M.; Bulato, Cristiana; Truma, Addolorata; Spiezia, Luca; Senzolo, Marco; Garcia-Tsao, Guadalupe; Simioni, Paolo
