TRAINING OR RESEARCH ACTIVITY

<p>Mainly my research is focused on values, gender equality and gender role attitudes, family values, parental background, life and job satisfaction, labor market, work values, subjective well-being. I am mainly doing quantitative research in comparative perspective. In the LCSR I gained skills of handling large datasets and learned such programs as R and MPLUS. I have also some knowledge of stata. I took courses on quantitative data analysis in a number of Summer Schools. This helped me to learn advanced quantitative techniques. Moreover, I am eager to master and to apply more techniques of qualitative analysis which I am familiar with but have not applied on a regular basis. In our Laboratory I was also involved in questionnaire design and implementation of surveys.</p> <p>Courses (selected)</p> <p>2018 - Bayesian Approach in Social Science (NRU HSE, Moscow, Russia)</p> <p>2017 - GESIS Summer School (Cologne, Germany)</p> <p>2015 - Gender Equality and Quality of Life. Policy-making in times of new gender regimes (Krakov, Poland)</p> <p>2015 - Introduction to Factorial Design and Data Visualization with R (Moscow, Russia)</p> <p>2014 - ICPSR Summer Program (University of Michigan, USA)</p> <p>2014 - Categorical Data Analysis (Saint Petersburg, Russia)</p> <p>2014 - Designing mixed-method research in cross-cultural psychology (Moscow, Russia)</p> <p>2013 - ECPR Summer School (Ljubljana, Slovenia)</p>
