HAVING REGARD TO the resolution of 16 July 2021 by the Director of the Department of Agricultural and Environmental Sciences - Production, Landscape, Agroenergy;

WHEREAS by notice of 25 June 2021, registered with No.23771/2021 on 28 June 2021, the Director of the Department of Agricultural and Environmental Sciences - Production, Landscape, Agroenergy, Prof Gian Battista Bischetti, issued an internal notice aimed at recruiting a professional to fill the position referred to in the present public notice;

HAVING VERIFIED THAT it was not possible to find any unit of internal personnel to perform the service requested by this notice;

NOW THEREFORE DETERMINES AS FOLLOWS

An assessment procedure is announced to entrust a collaboration assignment in favour of the Department of Agricultural and Environmental Sciences - Production, Landscape, Agroenergy, for research support activities to be carried out under the guidance of Prof Fabrizio Adani within the project named SAFE BIOREFINERY: Monitoring Impacts of New Algae-Based Biorefinery.

Art. 1

The comparative assessment procedure, **based on qualifications**, is intended to select a person willing to enter into a private law contract for research support activities.

Specifically, the collaborator shall achieve the following objectives:

- Supporting research to study microalgae biomass production with specific regard to the recovery of nutrients from wastewaters and to the presence of pathogens.

The aforementioned objectives shall be achieved by carrying out the following activities:

- Collaboration to the study of algal biomass production, sampling, and characterisation, with specific regard to the presence of pathogens, through molecular and traditional techniques, to be carried out in laboratories as well as at real-size plants.

Art. 2

The present collaboration shall be carried out personally by the selected applicant, in full autonomy, under no relationship of subordination, on a non-exclusive basis.

Art. 3

The present collaboration, lasting 3 months, provides for an overall gross compensation of 5,000.00 euro (including VAT and professional social welfare fund, if any), gross of tax, social security, and welfare withholding to be paid by the Collaborator.

Art. 4

The following assessment criteria and requirements shall be taken into consideration during assessment:

- Degree earned according to the didactic system prior to Ministerial Decree No.509/1999, and subsequent amendments and additions thereto, or postgraduate degree earned pursuant to Ministerial Decree No.509/1999 corresponding to a Master's Degree under

UNIVERSITÀ DEGLI STUDI DI MILANO

Ministerial Decree No.270/2004 in Agricultural Sciences and Technologies (*LM-69*), or in Biology (*LM-6*) or in Safety Engineering (*LM-26*) or equivalent; or similar academic qualification earned abroad and deemed as equivalent to the corresponding Italian qualification by the relevant academic authorities: up to 20 points.

- Expertise in the field of algal biomass production: up to 30 points.
- Expertise in the field of EU projects and international projects: up to 30 points.
- English language proficiency as well as work and/or research experience abroad: up to 20 points.

Candidates must also enjoy civil and political rights; they must prove absence of criminal record, they must not be subject to preventive measures, civil decisions and administrative provisions registered in the criminal record, as well as they must not be aware of being subjected to criminal proceedings. Those who are within the fourth degree of kinship - up to and including the fourth degree - with a professor attached to the department or facility requesting the post, or with the Rector, the General Director or a member of the University Board of Directors are not allowed to participate in this selection. With reference to study or consultancy activities, retired individuals who used to be private or public workers are not allowed to participate as well.

Art. 5

Selection is carried out based on the assessment of CVs and of the requirements provided for by article 4. Score is expressed in hundredths and applicants who will not have reached at least 60 points will not be deemed as eligible. The present selection shall not result in any ranking based on merit.

Art. 6

Submitting an application for the selection referred to in this notice shall entail full acceptance of the terms and conditions laid down therein, as well as full awareness of the autonomous nature of the employment relationship.

Art. 7

Applications must be submitted by no later than **23 August 2021 at 12:00 noon**.

UNIVERSITÀ DEGLI STUDI DI MILANO

Application forms, duly signed, must be accompanied by a declaration of the qualifications held, a curriculum vitae in European format and all other records which the applicant may deem as useful in relation to the qualifications which can be assessed.¹

Applications must be submitted through one of the following methods:

a) **By certified email address (PEC)**

In PDF format to certified email address (PEC) unimi@postecert.it (quoting the following in the email subject line: **Application for self-employment assignment - Selection Code No. 20/2021 by DISAA Dep. - Department of Agricultural and Environmental Sciences - Production, Landscape, Agroenergy**). Applications shall be sent from another certified email address exclusively.

Applicants are kindly requested to attach to their certified email message the duly signed application form including the related annexes and a copy of a valid identification document in PDF format.

It should be noted that, by certified email, it is not possible to send attachments whose size is equal to or greater than 30 Megabytes. Applicants who need to send attachments that exceed this overall size limit must send a first email attaching their application form and specifying that any other annexes or part of them will be sent in subsequent emails, all to be sent by the deadline for application submission and always by PEC.

It should be noted that, pursuant to art. 6 of Presidential Decree No. 68/2005 of 11 February 2005, the validity of application submission via certified email is attested by both acceptance receipt and delivery receipt provided by the email client upon sending.

b) **By ordinary email (PEO) according to the same methods laid down in point a)**

Given the regulatory provisions on the containment and management of the COVID-19 epidemiological emergency, it is possible to send applications by ordinary email only if the applicant does not have a PEC email address as referred to in point a). It should be noted that, when sending applications by ordinary email, senders must include the request for explicit confirmation of receipt from the recipient, which shall be filed as a delivery receipt and exhibited at the request of the University.

Art. 8 Committee Appointment

The Committee shall be appointed following the expiry date of the present public notice by resolution of the Department Director.
