“Introducing Berkeley SkyDeck Europe, Milano

As an internationally renowned accelerator, SkyDeck is now focused on expanding its international footprint designed for accelerating European-focused startups.

Berkeley SkyDeck highlights our accelerator program - Berkeley SkyDeck Europe, Milano - designed for accelerating Europe-focused startups.

Applications for the third cohort class open January 17th, 2023.

With our newer program based in Milano, European startups will now be able to more easily access the vast network of advisors, mentors and corporations that Berkeley SkyDeck has been building over the past 10 years, while also building their business in Europe and leveraging the European startup ecosystem.

The accelerator is a collaborative initiative between three key stakeholders including Berkeley SkyDeck; Cariplo Factory, an innovation hub specializing in entrepreneurial programs; and Lendlease, a global real estate and investment group.

If your startup is looking to access the vast resources, programming and network that SkyDeck has to offer, apply to Berkeley SkyDeck Europe, Milano.

For European founders looking to grow their startups in the US and North American market, Berkeley SkyDeck may be the right program for you.

The SkyDeck Berkeley Acceleration Method is a 6-month acceleration process for promising startups in any vertical who are affiliated with UC Berkeley, any UC campus, Lawrence Berkeley Lab, or global founders. Between 20 and 25 selected Cohort teams receive a \$200K investment from Berkeley SkyDeck Fund. Cohort teams participate in mandatory sessions, are matched with a Lead Advisor, have designated work space at SkyDeck, and present at Demo Day.

“**Cariplo Factory** is an innovation hub that activates a talent chain that includes experiential training courses, entrepreneurial support programs, open innovation projects, Venture Capital investments and internationalization support activities.

We are a **Benefit Company**. We work transparently and responsibly. Together with economic sustainability, we dedicate our commitment to the creation of a positive impact for the benefit of the community.

Our values

INNOVATION

In our vision, creativity and innovation are essential and complementary elements to develop talent, generate employability and fuel the competitiveness of the Italian industrial system.

INCLUSIVITY

We believe in the value of collaboration. Spaces, circulation of ideas, co-design, know-how: in Cariplo Factory everything is open and inclusive to encourage contamination, our driving force to create economic, social, cultural and environmental value.

RESPONSIBILITY

Responsibility is the governance we have chosen for all our activities: Cariplo Factory is committed to consolidating an ethical approach to innovation in the pluralism of ideas, gender equality and the protection of vulnerable communities.

GENERATIVITY

Cariplo Factory recognizes itself in the generative model capable of producing economic growth by promoting sustainable social interactions and respecting natural capital.

Our commitment

In continuity with its institutional mission and in line with its corporate values, starting from 2020, Cariplo Factory has decided to assume the status of Benefit Company, which, in the exercise of economic activity, it aims to contribute to the common benefit, operating in a responsible and transparent way in order to produce a positive impact on people, communities, the environment, cultural heritage and civil society”.
