comunica i quesiti relativi alla prova orale:

Quesito 1

Quali sono le caratteristiche che devono essere possedute affinché un costo possa essere considerato eleggibile nell'ambito di HORIZON Europe?

Cosa è un Audit di progetto nell'ambito del programma HORIZON Europe?

Funding rate

EU grants are normally subject to 'co-financing' or 'co-funding', meaning that the EU granting authority does only provide a part of the funding of the action and the remaining parts must be financed from the beneficiary's own resources, income generated by the action (e.g. by selling results), or financial or in-kind contributions from third parties (e.g. grants from national or private funding programmes). As such, the EU grants are normally subject to a single funding rate for the entire action – which is expressed as a fixed percentage and announced in the call conditions.

Through the application of the funding rate (a percentage of the eligible cost), co-financing is ensured as the remaining no eligible cost will need to be covered from other sources. Normally the granting authority does not require any further information on the sources of co-financing, unless specifically requested for the action.

Quesito 2

Qual è la differenza fra Grant e Consortium Agreement?

La rendicontazione del personale nei progetti Europei.

Action starting date

The action starting date is fixed in the Data Sheet of the Grant Agreement.

It is usually the first day of the month following the grant signature. But the parties can also agree to a fixed starting date (if justified during grant preparation, e.g. *conference that must take place on a specific date*). The fixed starting date should normally be in the future (*after grant signature*) but it is possible to propose an earlier starting date (*retroactive*).

Be however aware that by starting the action before signing the GA, you risk that the starting date will not be accepted by the granting authority (which will assess the compliance with applicable rules) or that the grant agreement will not be signed, and no costs will be eligible (e.g. *for activities implemented before signature of the grant*). Conversely, starting dates far in the future affect normally also the timing of your (first) prefinancing payment.

Quesito 3

La rendicontazione di un'attrezzatura nei progetti europei.

Cosa significa la terminologia “best value for money”?

Budget transfers (budget flexibility)

The budget in Annex 2 is an estimation. The budget is therefore in principle flexible (with certain exceptions, see below).

As a general principle, beneficiaries may transfer budget among themselves, between affiliated entities or between budget categories (without requesting an amendment; see Article 39) and – at the time of reporting – declare costs that are different from the estimated budget provided that the action remains in line with the description of the action in Annex 1 (if this is not the case, an amendment is needed, under the conditions of Article 39).

If the incurred eligible costs during the action implementation turn out to be lower than the estimated eligible costs, the difference can thus be allocated to another beneficiary or another budget category. The amount reimbursed for the other beneficiary/other budget category (to which the budget transfer is intended) may thus be higher than planned.
