The Influence of Pierre Bayle’s Dictionnaire historique et critique (1697) on Moses Mendelssohn’s Philosophische Gespräche (1755) and Its Religious Implications”. The goal of my project is to argue (i) that Moses Mendelssohn’s <i>Philosophische Gespräche</i> (1755) is driven by a sceptical attitude that is mainly indebted to Pierre Bayle’s <i>Dictionnaire historique-critique</i> (1697) and (ii) that this sceptical attitude can be seen as a rhetorical tool for facing religious oppression in both Bayle’s and Mendelssohn’s case.
