

**AL MAGNIFICO RETTORE  
DELL'UNIVERSITA' DEGLI STUDI DI MILANO**

**COD. ID: 6748**

Il sottoscritto chiede di essere ammesso a partecipare alla selezione pubblica, per titoli ed esami, per il conferimento di un assegno di ricerca presso il Dipartimento di

Responsabile scientifico: \_\_\_ Prof. Bazzocchi Chiara\_\_\_\_\_

[Nome e cognome]

**CURRICULUM VITAE**

## INFORMAZIONI PERSONALI

<b>Cognome</b>	Ali
<b>Nome</b>	Ashraf

## OCCUPAZIONE ATTUALE

<b>Incarico</b>	<b>Struttura</b>
Unoccupied	Searching for suitable positions

## ISTRUZIONE E FORMAZIONE

<b>Titolo</b>	<b>Corso di studi</b>	<b>Università</b>	<b>anno conseguimento titolo</b>
Laurea Magistrale o equivalente			
Specializzazione			
Dottorato Di Ricerca	“Management of Innovation in the Agricultural and Food systems of the Mediterranean Regions”	University of Foggia, Italy	December 19, 2022
<b>Master</b>	<b>Biochemistry</b>	Jamia Hamdard, India	2008
Diploma Di Specializzazione Medica			
Diploma Di Specializzazione Europea			
Altro			

## ISCRIZIONE AD ORDINI PROFESSIONALI

Data iscrizione	Ordine	Città
5/07/2023	COST (European Cooperation in Science and Technology)	
2008	Indian Peptide Society	

## LINGUE STRANIERE CONOSCIUTE

lingue	livello di conoscenza
Italian	Basic
English	Advanced
Hindi	Native

## PREMI, RICONOSCIMENTI E BORSE DI STUDIO

anno	Descrizione premio
2008,2009	NET (National Eligibility Test for Lectureship), UGC, India
2008	GATE (Graduate Aptitude Test in Engineering , IIT, India
2008	ICAR SRF-PGS, India
2018	PhD Scholarship, University of Foggia, Italy

## ATTIVITÀ DI FORMAZIONE O DI RICERCA

### descrizione dell'attività

During my Ph.D. I worked on "Detection of Food Fraud in Commercial Fish products through DNA Based methods". During the PhD programme I also worked for 3 months as Visiting Research Fellow at University of Veterinary Medicine Hannover, Germany where I worked on "Development of loop-mediated isothermal amplification (LAMP) assay for rapid and direct screening of yellowfin tuna (*Thunnus albacares*) in commercial fish products.

Earlier I worked as a lecturer and researcher at King Fahd Medical Research Centre, King Abdulaziz University, Jeddah, Saudi Arabia for 6 years. I have completed my B.S. degree in Biotechnology from Patna University, Bihar, India, and followed it with an M.S. degree in Biochemistry at the Hamdard University, New Delhi, India. After finishing my master's degree, I have been involved in diverse research projects at several prestigious institutes in India and Saudi Arabia, which helped me in learning many research techniques in biochemistry and molecular biology. In India, I worked as a Junior Research Fellow at International Centre for Genetic Engineering and Biotechnology, New Delhi, for two years on a research project entitled "development of conformationally preferred peptide immunogens as vaccine candidates against HIV-infection". In this project I worked on solid phase peptide synthesis and its purification by HPLC and generation of antibodies. In Saudi Arabia I worked on a research project entitled "resolving malnutrition status in children affected with sickle cell disease for alleviating health complications". I have gained solid background and practical skills in HPLC, GC-MS, ELISA, PCR, Sequencing, Western blotting, FTIR and Electrophoresis while doing these research projects and considerable exposure to understanding biochemistry and biotechnology.

After completing my Ph.D., I worked as a Research Assistant in the Post Harvest Lab at the University of Foggia on a project involving the chemical, physical, and sensory analysis of fresh-cut fruit and vegetables. This experience aligns well with the requirements of this position. I was responsible for the microbial, chemical, physical, and sensory analysis of fresh-cut fruits and vegetables, including the determination of polyphenols, antioxidants, and other bioactive compounds. I also performed statistical analyses, including one-way and two-way ANOVAs with Excel and R studio. I also performed microbial analysis to see the presence of bacteria and moulds.

## ATTIVITÀ PROGETTUALE

Anno	Progetto
04*04/2022- 04/10/2024  (Research Assistant)	“Analisi chimiche, fisiche e sensoriali sui prodotti ortofruttilicoli di IV gamma”,  Institute: - University of Foggia, Italy  Responsibilities: - Chemical, physical & sensory analysis of fresh-cut fruit and vegetables including determination of polyphenols, antioxidant, peroxide, acidity, vitamin C, HPLC and other non- destructive methods.
5/11/2018- 5/02/2022  (PhD)	Detection of Food Fraud in Commercial Fish products through DNA Based methods Institute: - Department of Sciences of Agriculture, Food, Natural Resources and Engineering (DAFNE), University of Foggia  Responsibilities: -Sample collection, DNA isolation, Gel Electrophoresis, PCR, Sanger Sequencing , Manuscript writing
5/10/2021- 15/01/2022  (Visiting Research Fellow)	Development of loop-mediated isothermal amplification (LAMP) assay for rapid and direct screening of yellowfin tuna (Thunnus albacares) in commercial fish products”. Institute: - University of Veterinary Medicine, Hannover Germany  Responsibilities: DNA Isolation, LAMP, PCR, qPCR, Gel electrophoresis
2/05/2012- 2/09/2028  (Researcher)	Resolving malnutrition status in children affected with sickle cell disease for alleviating health complications Institute: - King Fahd Medical Research Centre, King Abdulaziz University, Jeddah, Kingdom of Saudi Arabia.  Responsibilities: Gas chromatography, Oxidative stress determination by FORT and FORD,

	and inflammatory markers determination by hsCRP and homocysteine
1/03/2010-04/04/2012  (Junior research Fellow Fellow)	Development of conformationally preferred peptide immunogens as vaccine candidates against HIV-infection  Institute: - ICGEB, Aruna Asaf Ali Marg, New Delhi-67  Responsibilities: - Peptide Synthesis & characterization, Native Chemical Ligation, HPLC (Analytical & Preparative), CD, Spectroscopy, FPLC, ELISA, Immunization Studies, Western Blotting, Protein Purification.

## TITOLARITÀ DI BREVETTI

<b>Brevetto</b>

## CONGRESSI, CONVEGNI E SEMINARI

Data	Titolo	Sede
2011	Indian Peptide Symposium	Pune, India
2015	<b>3rd International Genomic Medicine Conference</b>	Jeddah, Saudi Arabia
2019	Joint Meeting of Agriculture-oriented PhD programs organized by University of Catania (UniCT), University of Foggia (UniFG) & University of Udine (UniUD)	Catania

## PUBBLICAZIONI

<b>Libri</b>
<b>Ali, A., Parisi, A. &amp; Normanno, G. (2022) Polyphenols as Emerging Antimicrobial Agents in <i>Emerging Modalities in Mitigation of Antimicrobial Resistance</i> (Akhtar, N., Singh, K. S., Perna &amp; Goyal, D., eds) pp. 219-259, <b>Springer International Publishing, Cham.</b></b>
